

## **How to configure Email (work profile) in Android/iOS phones**

How to configure in Android Phones:

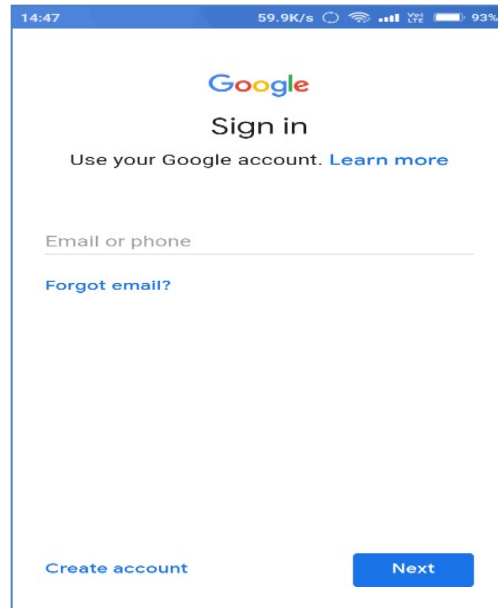

1. Go to Gmail Accounts and click 'Add account'

2. Choose 'Google'

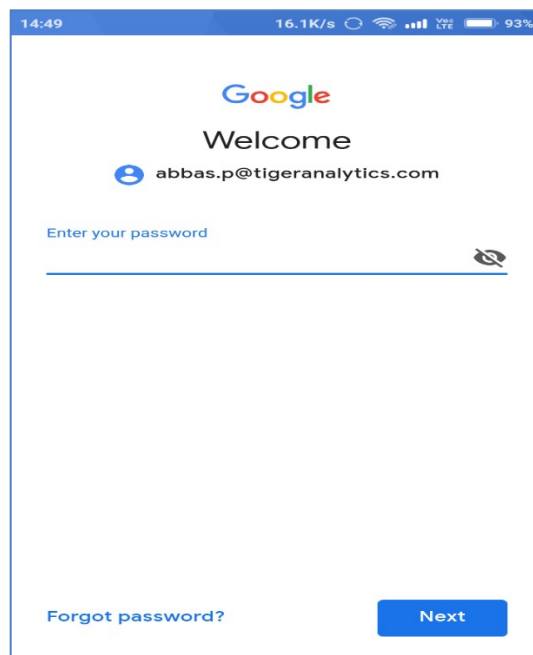

3. Enter your official email ID, example [abc@tigeranalytics.com](mailto:abc@tigeranalytics.com)

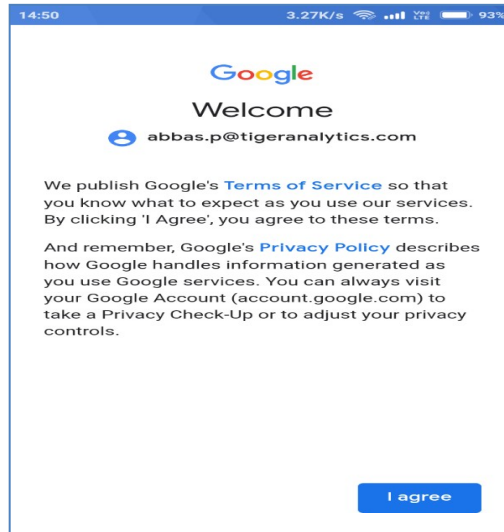

A screenshot of a mobile phone screen showing the Google Sign in interface. The status bar at the top displays the time 14:47, a speed of 59.9K/s, and a 93% battery level. The screen features the Google logo at the top, followed by the text "Sign in" and "Use your Google account. [Learn more](#)". Below this is a text input field labeled "Email or phone" and a link for "Forgot email?". At the bottom, there are two buttons: "Create account" on the left and "Next" on the right.

4. Enter the password of the Email ID.

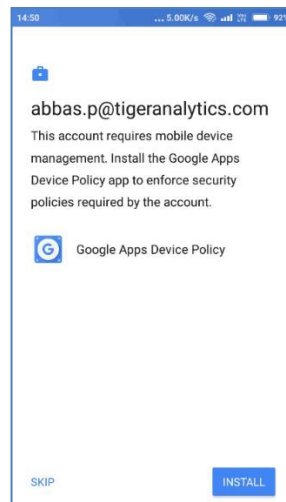

A screenshot of a mobile phone screen showing the Google Welcome interface. The status bar at the top displays the time 14:49, a speed of 16.1K/s, and a 93% battery level. The screen features the Google logo at the top, followed by the text "Welcome" and a user profile icon next to the email address "abbas.p@tigeranalytics.com". Below this is a text input field labeled "Enter your password" with a toggle icon on the right. At the bottom, there are two buttons: "Forgot password?" on the left and "Next" on the right.

5. Accept the Google policy, clicking 'I Agree'

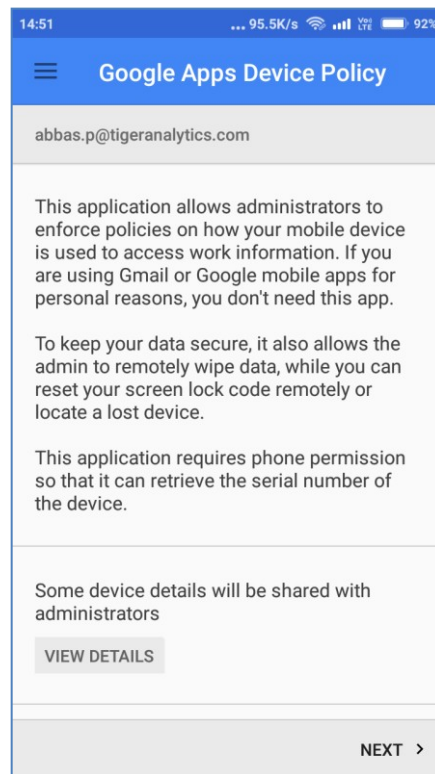

6. Install the Google Apps Device Policy app, clicking 'INSTALL'

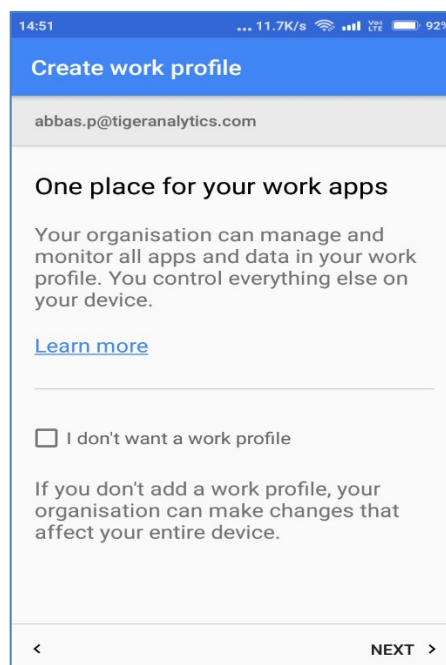

7. The application will get downloaded and installed.

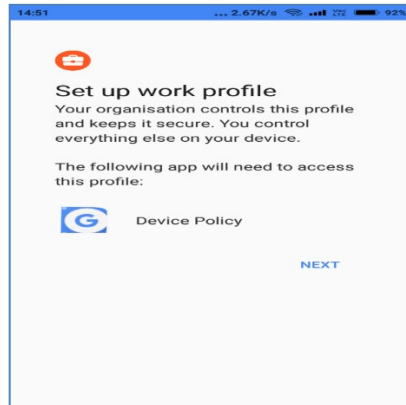

8. Click 'NEXT' for the Google Apps Device Policy

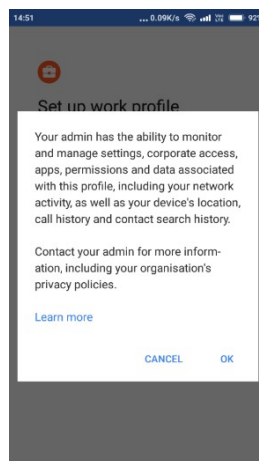

9. Do not check the box 'I don't want a work profile' and click 'NEXT',

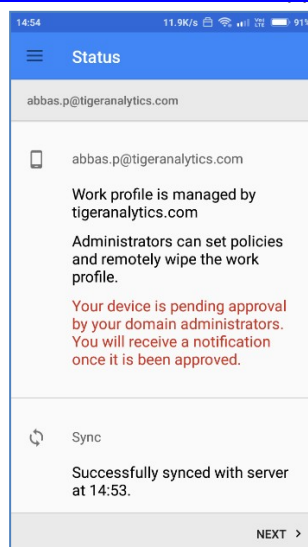

10. The work profile will be setup and click 'NEXT'

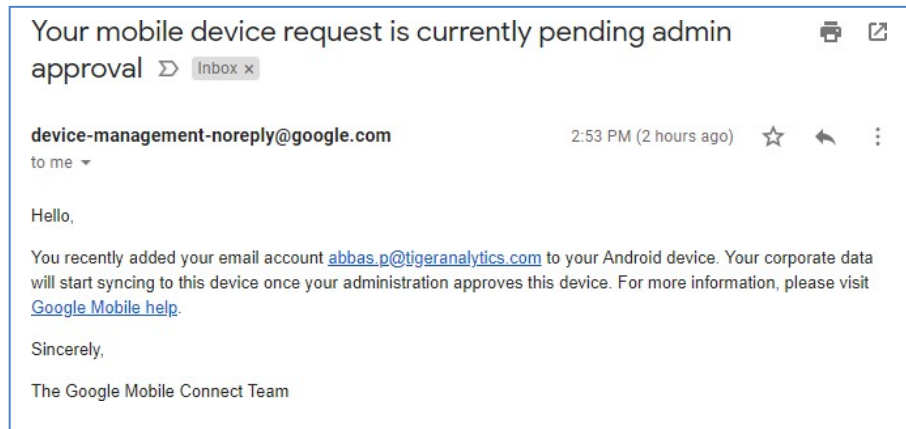

11. The admin will be able to access the work profile (Official email, hangouts, Drive and other office related) and click OK.

12. A confirmation status of the Work profile can be seen as below. [Send an Email to Tiger IT team](#) where the Administrator will approve your device.

13. A confirmation email will be received and the Email will work fine in mobile once approved from the IT team.

14. After approved from Admin end the mobile will be as like the below image.
